

# Revolutionizing Advanced Analytics with ShiftWise Flex Market Insights

ShiftWise Flex, our next-gen Vendor Management System (VMS), has launched Market Insights, a groundbreaking enhancement designed to revolutionize talent strategy and decision-making in the healthcare industry.

Market Insights is a dynamic intelligence report integrated into ShiftWise Flex, offering transparent bill rate pricing, extensive datasets, configurable market comparisons, and much more.

## Empowering Healthcare Talent Strategy with Dynamic Intelligence

Delivering daily updates, this feature equips healthcare organizations with up-to-date information needed to make informed decisions and optimize workforce management strategies, including:

- **Estimated Spend by Facility and Specialty**
- **Estimated Spend (YOY and YTD)**
- **Number of Open Positions**
- **Fill Rate**
- **Fill Rate (Next 10 Weeks)**

This innovative and intuitive tool provides transparent bill rate pricing of recently booked and current open positions, fostering enterprise-wide financial transparency and leveraging one of the largest nursing and allied contingent workforce datasets, spanning:

- **All 50 U.S. States and Washington D.C.**
- **839 Metro Areas**
- **70 Average Unique Clients per State**

# Additional ShiftWise Flex Market Insights Features

**Configurable Market Comparisons:** Make informed decisions through configurable market comparisons, enabling side-by-side analyses with market data tailored to your specific needs.

**Data Segmentation by Skillset and Geography:** Access granular information to drive strategic workforce decisions and further enhance visibility.

**Dynamic User Interface:** Enable proactive decision-making on a web-based user interface designed for intuitive navigation and accessibility.

**Enhanced Data Sharing:** Exportable data tables for further analysis or integration into other systems.

**Bookmark and Subscription Features:** Save key insights and set up automated updates, ensuring continuous access to critical information.

ShiftWise Flex is your organization's key to unlocking agility in workforce management, allowing you to seamlessly stand up and manage internal resource and float pools, adapt to evolving demands, and elevate the efficiency of your healthcare operations. Unlock a unified and personalized experience with ShiftWise Flex—the solution that puts you in control.
